PH BUFFER SOLUTIONS

Web

www.ursystemz.com.iq

BUFFER SOLUTION PH 4.01 (RED)

pH Value: 4.01 ± 0.02 @ 25°C

Volume: 500 mL

Product Code: PH-PW01-500

Color: Red

Application: Ideal for calibrating pH meters used in acidic environments, food testing, and soil analysis.

BUFFER SOLUTION PH 7.01 (GREEN)

pH Value: 7.01 ± 0.02 @ 25°C

Volume: 500 mL

Product Code: PH-PW02-500

Color: Green

Application: Suitable for general-purpose pH calibration, ensuring neutral reference in chemical, biological, and environmental testing.

BUFFER SOLUTION PH 10.01 (BLUE)

pH Value: 10.01 ± 0.02 @ 25°C

Volume: 500 mL

Product Code: PH-PW03-500

Color: Blue

Application: Perfect for alkaline pH meter calibration, widely used in water treatment, cleaning solutions, and industrial processes.
